

ViP® 222k | **(2) TV**

Introducing The Best HD technology from DISH Network.

Notice even the smallest details with the ViP222k high-definition receiver! The ViP222k takes high-definition technology to the next level.

Brilliant Color. Unprecedented Detail. Breathtaking Depth.

So, what makes DISH Network The Best TV?

DISH Network is 100% digital satellite television, which means it's the sharpest, clearest and highest-quality television you can get. And it's as easy on the wallet as it is on the eyes.

The Best TV for you starts here!

The Best Technology with The Best Features

- View high-definition (HD) or standard-definition (SD) DISH Network programming
 - TV1: View HD or SD programming
 - TV2: View SD or down-converted HD programming
- Receives HD over the air digital broadcasts¹
- Supports Dolby® Digital 5.1 Surround Sound
- Widescreen Electronic Program Guide with easy search features
- Convenient On-Screen Caller ID² with history
- Dish**HOME** Interactive TV for watching six screens at once and on-demand entertainment, games, shopping, news, sports, weather and customer service

ViP® 222k | ((2)) TV

The ViP222k is another example of why DISH Network is the leader in HD technology!

- Independently watch programming on two TVs – one HDTV and one SDTV

• TV1 viewing location

- Connect to an HDTV to view SD and HD DISH Network programming and HD over the air digital broadcasts¹
- Supports four output resolutions: 480i, 480p, 720p, 1080i
 - SD content is upconverted for use with HD outputs
 - HD content is downconverted for use with SD outputs

• TV2 viewing location

- Connect to an SDTV to view SD and down-converted HD programming
 - RCA-type audio/video outputs and an Agile modulated output to distribute programming to a remote TV location
- Output resolution is 480i

- Two satellite tuners allow you to select from two viewing options
 - Single Mode: Picture-In-Picture (PIP) available on any TV
 - Dual Mode: Independently view programming on two televisions
