Once that data is used up, Members have no access to cellular data unless such Members purchase additional data or until the bill cycle resets. Members on <i>Everything You Want</i> receive 20GB of high-speed data. Once that data is used up, speeds are reduced to 512 kbps unless such Members purchase additional data or until the billing cycle resets. Members on <i>Everywhere You Go</i> receive 35GB of high-speed data. Once that data is used up, speeds are reduced to 512 kbps unless such Members purchase additional data or until the billing cycle resets. Additional data is \$5 per GB plus taxes and fees. Data is not pooled or shared among lines. Add-on data/purchased data will be used first, then base plan data. On the <i>Everywhere You Go</i> plan, once all 35 GB of domestic high-speed data are consumed in a billing period, international data speeds are reduced to 512 kbps as well.</p>
